

PARTNERSHIP AGREEMENT

World Harvest Mission (WHM) is a non-profit Christian Mission organization based in North Highlands, California. WHM facilitates alliances between Christian ministries in Africa with specific needs, and U.S individuals, churches or organizations that have a desire for direct involvement in helping meet those needs. Projects may either be initiated by a WHM country representative or by the Christian ministry in the country. Joint current or future projects will be arranged through this partnership agreement as defined below.

As to WHM:

- 1) WHM hereby establishes and agrees to maintain a working relationship with _____ located at _____, hereinafter known as the “Alliance”.
- 2) WHM will maintain regular contact with the Alliance by; email, phone, regular mail or periodic site visits to current and future projects, at WHM’s expense.
- 3) WHM will include the Alliance in networking opportunities with other WHM partners.
- 4) WHM will make every effort to secure donations (cash/materials/services) for Alliance projects that have been accepted by WHM. Such projects will be consistent with WHM’s vision of “responding to spiritual and physical needs among the most vulnerable children and adult populations”.
- 5) WHM will make every effort to locate a strategic project partner for the Alliance. This partner will be an individual, church or organization equally committed to WHM’s purpose and the Alliance’s vision.
- 6) WHM acknowledges that other donors or organizations may be providing support for the Alliance and this agreement is in no way intended to replace said support, only complement it.

As to the Alliance:

- 7) The Alliance acknowledges and understands that WHM’s purpose is to facilitate strategic project partnerships for the purpose of responding to spiritual and physical needs, thereby helping the local ministries reach the unchurched.
- 8) The Alliance acknowledges that WHM will make every effort to arrange a project partner on agreed upon projects but is in no way committed to do so.

9) The Alliance agrees to:

- a. Cooperate with WHM's efforts to arrange said project partnership(s), including providing project budget and related information in a timely manner,
- b. Receive and help coordinate short and long term Christian mission teams,
- c. Maintain regular communications, including project updates, with WHM,
- d. Provide an accounting of how funds are expended.

10) The Alliance may direct donors to WHM to facilitate tax-deductible contributions designated for the Alliance for specific projects or general needs.

This partnership is non-binding on either WHM or the Alliance, and may be cancelled at any time by either party.
